Summary

Information Technology student with a strong interest in web development, Artificial Intelligence, and Machine Learning. Passionate about exploring new technologies and AI tools to develop efficient and innovative solutions. Skilled in building responsive websites and applications with hands-on project experience. Always eager to learn, adapt, and grow in the fast-evolving tech landscape. Committed to contributing in innovative tech projects.

Education

Shri T.P Bhatia College of Science , HSC	2020 – 2022
Atharva College of Engineering , B.E in Information Technology	2022 – 2026

Skills

- **Frontend Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Programming Language:** Python, Java
- **Version Control:** Git, GitHub
- **Soft Skills:** Problem-solving, Teamwork, Communication

Experience

Web Development Intern, Prodigy Infotech	Sep 2024 – Oct 2024
--	---------------------

- Developed responsive websites using HTML, CSS, JavaScript, and Bootstrap.
- Built projects like a Weather App and a Tic-Tac-Toe game, integrating APIs for real-time data

Python Programming Intern, Codsoft	Oct 2024 – Nov 2024
------------------------------------	---------------------

- Created a Contact Book application and To-do List using Python and Tkinter.
- Implemented features like a dark theme, animations, and efficient data handling on the projects

Projects

Text Summarizer using Hugging Face API	github.com/name/repo
--	----------------------

- Developed a web-based text summarization tool using Hugging Face's transformer models.
- Integrated API to generate concise and meaningful summaries and designed a simple and user-friendly interface for better usability.

Solar Panel E-Commerce website	github.com/name/repo
--------------------------------	----------------------

- Built a website for solar panel solutions, including product listings, inquiry forms, and customer surveys.
- Used HTML, CSS, JavaScript for the frontend, and Node.js with MongoDB for backend and database management.

Certifications

Web Development Internship – Prodigy Infotech

Python Programming Internship – Codsoft

Virtual Internship on Android Development – AICTE
